Science Equipment/Systems Allocation
GEOPHYSICAL SYSTEMS

Product	Quantity on Hand
<i>Gravity Meter</i>	
Bell Aerospace BGM-3 Marine Gravity Meter	1
<i>Magnetometer</i>	
Marine Magnetics system 300-M SeaSPY Overhauser sensing marine magnetometer system	1
Bundle Component: Magnetometer Winch on 01 Deck for deployment	
<i>Seismic Recording Equipment</i>	
Geometrics Geode, 24 Channel Seismograph	1
<i>Seismic Sources</i>	
G.I. Airguns, 210 cu. in. (7 each, 2 can be configured to 50 cu. in.)	0
Bundle Component: Soft Goods kits for Guns, please specify how many guns and an estimate of how many hours of shooting in 'Comments' section below	
Bundle Component: No-Tox, anti-freeze/gun lubricant, time of year can affect No-Tox consumption rates, please specify in 'Comments' section below	
Bundle Component: Large Seismic Gun Winch	
Bundle Component: Deck Tugger winch on 01 for deployment/recovery	
Bundle Component: Real Time Systems HotShot seismic source controller, 1-2 GI guns each	0
S.S.I. water gun, 15 cu. in.	0
<i>Streamers</i>	
Streamer, Geometrics 24 channel micro-Eel	1
Utility Streamer Winch for deployment	
Streamer, Geometrics Single/12 channel solid	1
<i>Time Delay Generator</i>	
BNC-555 Time Delay Generator	1
