

2019-2020 Antarctic Deployment Packet for ASC Personnel

Please review this Deployment Packet carefully. It includes information you need to know before you get to the Ice and forms to fill out and return to ASC.

- 4) Antarctic Lodging Request Worksheet (TL-FRM-0092)
- 5) Permanent, fulltime employees please submit a Fulltime Deployment TRW (TL-FRM-0095) instead of a Trip Details.

USAP records are maintained in accordance with NSF Privacy Act Regulations.

WHAT'S NEW IN 2019-2020 for ASC PERSONNEL

E-Tickets

E-tickets are emailed from ASC's corporate travel agency TLC and will come from antarcticagents@tlcorporate.com. If you haven't already done so, please adjust your spam filters to accept emails from this address.

No More IT Forms in the Deployment Packet

In past seasons, Information Security documents and forms were included in this Deployment Packet. But they aren't required for travel, so this season they'll be emailed to you separately.

It's still important to review the information and take the training and fill out the forms and return them to ASC. Failure to do so means no access to the USAP network, but it will not prevent ASC Travel from purchasing your ticket to the Ice.

Air Center Helicopters

Air Center Helicopters (ACH) is now the sub-contractor for USAP helicopter operations.

SOPP is Now NPP

The Space and Naval Warfare Systems (SPAWAR) Office of Polar Programs, known as SOPP, has changed their name to "Naval Information Warfare Centers Atlantic," or NIWC (pronounced NY-wick). Around the USAP you'll see that abbreviated as NPP, for "NIWC Polar Programs."

ETAs for New Zealand

New Zealand Immigration will begin implementing an Electronic Travel Authority (eTA) for U.S. citizens on October 1, 2019. Since you're deploying at WINFLY, this does not impact you.

ASC Travel will process your eTA for redeployment.

Seating Assignments

Increasingly, airlines are restricting the number of seats that can be pre-assigned and for that reason, ASC Travel no longer has the ability to pre-select your seat when your ticket is purchased. More often than not, you'll need to wait until you check in to select a seat, especially on international flights.

USAP DEPLOYMENT INFORMATION

for ASC Employees

- Please direct job-specific questions, and questions about your Ice dates, to your Hiring Manager.
- Passports must be valid for six months *after* your return; undamaged beyond normal wear and tear, with a blank page for each country to be visited. Please take the time to check it now. Airline carriers will not allow you to board, and some countries will not allow entry, if these requirements are not met.
- Check the expiration of your ATM and credit cards, too, before you deploy.
- Fill out the forms in this packet and return them within eight weeks, or ASAP if your deployment date is sooner. (All candidates please, including alternates.) Blank forms are available at <http://www.usap.gov/travelAndDeployment/contentHandler.cfm?id=765>. You do not have to wait until you physically qualify.
- Do *not* return forms via email; fax and U.S. Mail are more secure.
- Be sure ASC has your current contact info! ASC uses the email and mailing address you give us on your travel forms. Let ASC Travel know if your situation changes. Also:
 - The name on your ticket *must* match your passport and if it does not, the airlines will stop you at check-in. “Name exactly as it appears on passport” means exactly that.
- **Once you submit your paperwork, you cannot change your Airport of Departure (AOD).** The AOD is the closest major airport to your home address. If you wish to depart from another city, you’ll be returned to that same location.
- You must submit your HR and travel paperwork and be physically qualified before tickets can be purchased. Late submittal might jeopardize your deployment or even your employment.
- Keep copies of your travel forms in case anything is lost in transit.
- Please check regularly for USAP emails. Check spam folders too.
- Your Ice dates are determined by your job and your supervisor. Changes are coordinated through your Hiring Manager. Be prepared to travel on weekends and maybe holidays. ASC Travel is unable to change your Ice dates so please do not ask them.
- Orientation for McMurdo and South Pole is partly in Christchurch, partly on the Ice. There isn’t a lot of free time in Christchurch.
- All travel arrangements are made in accordance with the Federal Acquisition Regulations (FAR) and in the best interest of the U.S. Government. Contract employees are not allowed pre-deployment personal travel en route to Antarctica. Please do not ask ASC Travel to consider special routing or layovers, which can be considered misuse of government funds.
- Review airline baggage policies before departure for prohibited items and baggage dimension/weight, especially if traveling on more than one airline. Be prepared to pay baggage fees at check-in and if/when you change carriers. But regardless of what the airline website states ...
- **The USAP allows two normal-size 50lb/23kg checked bags on commercial flights to New Zealand.** If you travel within these allowances and are still charged baggage fees, you may expense them with receipts. However, charges for oversize bags, that is, any bag larger than 62 inches (158 cm) overall (length + width + height), are not reimbursable.
- USAP baggage allowances do not apply to personal travel. If you elect anything other than FAA during redeployment, you are responsible for all airline baggage fees.

- For the Ice flight between Christchurch and McMurdo, the baggage allowance is 85lb/38.5kg for all participants, strictly enforced. (Save room for about 10lbs of extra Extreme Cold Weather gear.) The number of bags is not limited but the maximum weight for a single piece is 70lb/32kg. Hand carry is limited to 15 pounds that must fit into a standard airline sizing box.
- Increasingly, airlines are restricting the number of seats that can be pre-assigned and for that reason, ASC Travel does not have the ability to pre-select your seat when your ticket is purchased. More often than not, you'll need to wait until check-in to select a seat. Do not pay money or use frequent flier miles to change or upgrade your ticket or any part of your ticket. If you do, ASC loses control of the ticket and ASC Travel is unable to assist with travel issues en route or during redeployment and all changes en route and at redeployment become your financial responsibility, with no reimbursement.
- Travel documents are emailed after you return the forms in this packet, about a month before deployment. These include a 12-month visa for New Zealand, but *not* your ticket which is emailed separately.
- Tickets are e-tickets. Your final itinerary is emailed 14-21 days before deployment; you'll want to print it and bring it with you. Please check your email (including SPAM folders) frequently as deployment approaches.
- Once you're ticketed, further details about your time in New Zealand (hotel, ECW, etc.) will be emailed from the Christchurch Travel office. Room and taxes are direct billed to ASC but the hotel will swipe a personal credit card for incidentals.
- Package mail to the Ice is limited after Thanksgiving, so holiday packages should be mailed via U.S. Mail no later than October 15th. (Tell your friends and families, too.) Even so, there are no guarantees with package deliveries. First Class mail is not restricted so it might be wisest to mail essential items to the Ice as First Class flat/envelope mail.
- For other information about life on the Ice, consult the online [USAP Participant Guide](#). For example:
 - Bring (extra) sunglasses.
 - Bed linens are provided but not towels.
 - No skyping, no drones.
 - Bring your own long underwear.
- Any TDY in Christchurch must be pre-approved.
- If there are changes to your medical or dental health after you physically qualify, you *must* notify medical@usap.gov before you deploy.
- All wintering females of child-bearing age are screened for pregnancy one to two weeks before station close. Pregnancy is a "Not Physically Qualified" condition for Antarctic deployment.
- Redeployments are processed on the Ice and are coordinated with your supervisor or MPC.

fax: 303-705-0742

CUSTOMS AND IMMIGRATION

PASSPORTS

Regardless of nationality, your passport must be valid for six months *after* your return.

VISAs – U.S.Citizens

If you are a U.S. citizen you do not need a visa for New Zealand or while transiting through Australia.

VISAs – non U.S.Citizens

If you do not possess a U.S. passport, the U.S. Antarctic Program does not, and cannot, provide advice about obtaining visas. Check entry requirements with the consulate of the countries to be transited/visited. Any necessary visas should be obtained *at least eight weeks before deployment*. **Failure to do so could delay or even prevent your deployment.**

For Australia and New Zealand, request a visitor's visa.

If you need a letter identifying you as a USAP participant in order to obtain a visa, please contact ASC Travel.

New Zealand

All participants receive a letter that identifies them as a USAP participant, to whom New Zealand grants an extended visitor visa valid for 12 months. The 12 months start the day you arrive in New Zealand and Ice time is included in your New Zealand “trip.”

High Value Goods

If you plan on carrying any single item worth more than US \$1000, excluding personal items such as laptops and cameras, please indicate that on the *Trip Details* form in this packet.

Tobacco Products

You are entitled to bring the following quantities of tobacco into New Zealand duty-free. Anything more is subject to Customs duty and goods and services tax (GST). These restrictions do not apply to electronic cigarettes.

- 50 cigarettes, or
- 50 grams of cigars or loose tobacco, or
- A mixture of all three weighing not more than 50 grams.

Websites

New Zealand Customs home page: www.customs.govt.nz

Visas: <https://www.immigration.govt.nz/new-zealand-visas>

Duties and allowances: <https://www.customs.govt.nz/personal/duty-and-gst/whats-my-duty-estimator>

Prohibited and restricted items: <http://www.customs.govt.nz/features/prohibited/imports/Pages/default.aspx>

Post-Deployment Travel

If you plan on traveling in New Zealand after your deployment, you must not let your visitor visa expire.

Electronic visa extensions are available for up to three months by emailing INZCHCExpress@mbie.govt.nz before you leave the Ice. Visas can also be extended in person at any NZ Immigration office, for a fee.

If you're deployed longer than 12 months, you'll need to email INZCHCExpress@mbie.govt.nz and obtain a three-month extension *before* you leave the Ice.

When you stay in New Zealand as a tourist, the U.S. Antarctic Program is no longer your sponsor, and you are responsible for observing Immigration and Customs regulations.

Australia

U.S. citizens transiting through Sydney do not need a visa, however, you must stay inside the transfer area of the international terminal. “Transiting” is defined as changing flights/traveling through the airport for less than eight hours. Leaving the terminal is a violation of Australian law.

A scheduled layover in Sydney longer than eight hours requires an electronic visitor’s visa (ETA subclass 601). Passengers with ETAs *are* allowed to leave the terminal. If ASC Travel purchases your ticket and your passport is ETA-eligible, an ETA will be purchased about a week before your deployment and attached electronically to your passport. Participants from ETA-ineligible countries should apply for a visitor’s visa at least eight weeks before deployment. If you are self-ticketing, you’ll need to purchase the visa yourself.

When unscheduled flight delays create a layover longer than eight hours, the airline generates an ETA for you before you land. If you are delayed through your own fault, be prepared to purchase the ETA yourself.

Sea travel also requires a Maritime Crew Visa (MCV subclass 988). If you’re boarding a ship in Hobart, the MCV must be obtained before you arrive in Australia, and the application can take up to 30 days. ASC Travel can assist.

Websites

Visas: <http://www.border.gov.au/Trav/Visa>

Electronic Visitor’s Visa (ETA subclass 601): <http://www.border.gov.au/Trav/Visa-1/601->

Maritime visas (MCV subclass 988): <http://www.border.gov.au/Trav/Visa-1/988->

Duties and allowances: <https://www.abf.gov.au/entering-and-leaving-australia/duty-free>

United States

ESTA

IF you do **not** possess a U.S. passport, **and**:

- IF your travel originates in a foreign country (excluding Canada), **and**
- IF you are transiting through the U.S. en route to Antarctica,

you must register with ESTA (Electronic System for Travel Authorization) at <https://esta.cbp.dhs.gov/esta/> before you leave home. This is a requirement of the U.S. Department of Homeland Security and applies even if you are only in the U.S. to connect to another flight.

From the U.S. Customs and Border Protection website:

“If a traveler is only planning to transit through the United States en route to another country, when he or she completes the ESTA application, the traveler should enter the words "In Transit" and his or her final destination in the address lines under the heading ‘Address While In The United States.’”

Information on these pages are subject to change.

USAP BAGGAGE ALLOWANCE

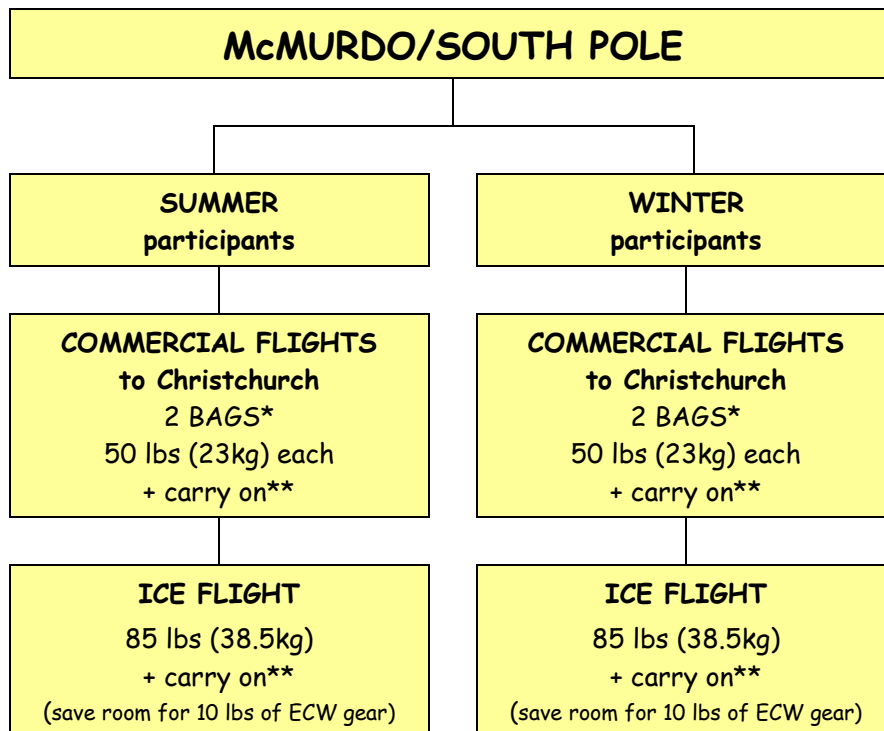

SOUTHBOUND

If your luggage is within the USAP baggage allowance, you should not have to pay baggage fees on United Airlines. Be prepared to pay baggage fees on other airlines. If you travel within these allowances and are still charged baggage fees, ASC will reimburse *with receipts*. Oversize bags such as hockey bags* are not reimbursable.

NORTHBOUND

The USAP baggage allowance does not apply to personal travel. If you elect anything other than FAA when redeploying, you are responsible for baggage fees.

Ice flight allowances are strictly enforced; excess baggage must be pre-approved.

There are weight and balance concerns on all flights to the Ice. The USAP reserves the right to bump personal baggage in order to meet safety and cargo requirements.

*any bag larger than 62 inches (158 cm) overall (length + width + height) is considered oversize and is subject to extra (non-reimbursable) baggage fees

**must fit into a standard airline sizing box

AIRLINE POLICIES

Airline policies are beyond ASC's control.

Passports:	Valid six months <i>after</i> return. Undamaged beyond normal wear and tear. At least one blank page for every country you plan on visiting.	If not, the airline has the right to deny boarding at your AOD.
Limited Baggage Transfers:	<i>Ask when you check in:</i> How far are your bags going? Increasingly, airlines are not honoring baggage transfers between carriers.	You might have to retrieve your bags and re-check them while en route, especially if you switch airlines. ASK when you check in.
Number of Bags:	See the <i>USAP Baggage Allowance</i> page. <i>NOTE:</i> The USAP baggage allowance does not apply to personal travel. If you elect anything other than FAA at redeployment, baggage fees going north are not reimbursable.	Be prepared to pay baggage fees at the counter, reimbursable within USAP limits.
Lithium Batteries:	Increasingly, airlines are prohibiting lithium batteries in checked baggage.	Check the airline website for more info about prohibited items.
Check-in:	90 minutes domestic, 2 hours international.	Later than that, the airline can deny boarding.
Special Meals:	Airlines often charge for special meals.	ASC will submit your request but cannot reimburse airline surcharges.
Seat Preference:	Increasingly, airlines are limiting the number of seats that can be pre-selected by the passenger.	ASC Travel does not have the ability to pre-select your seat. Do not pay money or use frequent flier miles to change or upgrade any part of your ticket. If you do, ASC loses control of the ticket and ASC Travel is unable to assist with travel issues. All changes en route and at redeployment become your responsibility with no reimbursement.
ID:	Name on your government-issued ID (i.e., passport) must match the name on your ticket <i>exactly</i> .	If not, you WILL be denied boarding at your AOD.
Homeland Security:	Last minute changes; no-shows.	Raises red flags, incurs delays at check-in. If you skip, miss, or change any flight leg, notify ASC Travel.

Confirm your itinerary with the airline(s) 24 hours prior to flight.
Last minute changes are difficult, if not impossible to accommodate.
Don't miss your flight! ASC might not be able to rebook you.

AIRPORT OF DEPARTURE (AOD)

Airport of Departure (AOD): The point of origin before deployment and the point of return after redeployment.

The USAP requirement is to fly you from a U.S. location to Antarctica and back to the **SAME LOCATION** via the most direct route. ASC is a government subcontractor and must abide by USAP policy. Deviation can be considered misuse of government funds.

Once you submit an AOD (on the *Trip Details* form in this packet), you cannot change it.

Redeployment

You will have the opportunity to ask questions and review redeployment travel options at the redeployment meetings on the Ice.

ASC is not a travel agency. As a government subcontractor, ASC cannot expend labor or funds to adjust an itinerary to accommodate a traveler's preferred routing or to arrange domestic or international layovers.

Glove Size	XS	S	M	L	XL	2XL	3XL

Extreme Cold Weather Gear

USAP participants must supply their own socks and base layer insulation clothing to fulfill the Extreme Cold Weather (ECW) clothing requirement.

The following ECW items are **required** to deploy to Antarctica, including both USAP- and participant-provided clothing. Ask your supervisor or science implementer if you have questions about appropriate clothing.

USAP-Provided ECW Clothing

- Parka (continental) or windbreaker jacket (peninsula)
- Boots
- Windpant with fleece pant liner or insulated Carhartt bib
- Fleece jacket
- Hat
- Gloves
- Neck gaiter
- Goggles
- Rain jacket and rain pants (peninsula only)

Participant-Required ECW Clothing

The following items must be supplied by the participant.

- Socks
 - Mountaineering, winter-weight, non-cotton
 - Fabric suggestions: Merino wool or nylon/lycra blend
 - An additional, lightweight, liner sock to be worn underneath is suggested to assist in wicking sweat away from the foot (e.g., merino wool or polypropylene)
 - Suggested quantity is 2-4 pairs each
- Base layer, lightweight (thermal, long underwear - tops and bottoms)*
 - This insulation layer is worn directly next to skin to wick moisture away from the body
 - Fabric suggestion: synthetics (e.g., polypropylene, polyester, branded materials) or natural fibers (e.g., silk or merino wool)
 - Non-cotton
 - Density approximately 140-200 grams per square meter
 - > The clothing label or website might list this as “140 weight” or another number within this range
- Base layer, mid-weight (thermal, long underwear - tops and bottoms)*
 - This insulation layer can be worn independently or over base layer
 - Helps protect against cold and wicks moisture from the body
 - Non-cotton
 - Fabric suggestions are synthetics (e.g., polyester, nylon, non-bulky fleece, branded materials such as PolarTec) and natural fibers (e.g., merino wool, down)
 - Density approximately 260-320 grams per square meter
 - > The clothing label or website might list this as “260 weight” or another number within this range

*An Internet search for light and mid-weight base layers and mountaineering socks will yield recommendations in several price ranges.

Want to Bring Your Own ECW?

If this is your first deployment, you cannot bring your own ECW gear.

Returning participants have the option to bring their own ECW, use the gear provided by the USAP, or a combination of both. The option to bring your own ECW only applies to participants returning to locations and seasons with which they have previous experience (e.g., McMurdo at WINFLY, summer at Dome C, sea ice summer, South Pole winter, etc.).

South Pole winterovers may bring their own ECW but must also accept USAP-provided items.

ECW clothing is an area of personal responsibility, one that requires participants to maintain awareness of the conditions they are likely to encounter during certain activities.

If you elect to bring your own ECW, items **MUST** meet the technical specifications below.

Parka (Expedition/Belay Weight Insulated Jacket)

- 800+ cubic inches of synthetic or down fill (loft of the insulation - "puffiness")
- 250+ grams of insulation (weight of the insulation itself)
- Windproof outer shell
- Attached hood
- Fitted closures at cuffs and bottom, to prevent drafts
- Longer than waistline, especially when bending over, to prevent drafts
- Must keep you warm when inactive for 12 hours, in case of aircraft delays or other field situations

Examples: Rab Positron Jacket 800 fill/275 grams, Patagonia Fitz Roy Down Parka 800 fill

Boots

- 1000+ grams of insulation
- Removable liner-insert style boot
- Enough additional liner inserts so as to always have a dry liner available
- For summer deployments to Palmer Station, McMurdo Station and the Dry Valleys, temperature rated for -40C/F
- For South Pole and all other continental field locations and seasons, temperature-rated for -100C/-148F
- Must keep your feet warm and dry when standing on snow or ice while inactive for 12 hours, in case of aircraft delays or other field situations

Examples: Baffin Impact, Baffin Apex, Sorel Caribou

Pants

- Layered system consisting of a windproof outer shell (Gore-Tex or Schoeller equivalent), worn with insulating long underwear or puffy layers underneath
- Or, Carhartt quilted pants/bibs with 400 grams of insulation
Note: Carhartt 400 gram quilted items are the *only* products utilizing cotton that are acceptable
- Must keep you warm when inactive for 12 hours, in case of aircraft delays or other field situations

Examples: Arctic Cat Advantage bib, Canada Goose Tundra bib overall, Ski-Doo Expedition highpants

Antarctic Lodging Request Worksheet

(McMurdo and South Pole Stations)

Name: _____

Male

Female

Station: McMurdo South Pole

Winterover? Yes No

To facilitate your housing in Antarctica, the following information is extremely helpful.
Please understand that we cannot guarantee a specific roommate/suitemate or room assignment.

Roommate Requested: _____

Suitemate(s) Requested: _____

If known, do you snore? Yes No Unknown

Are you a smoker? Yes No

(Note: Smoking is prohibited in dorm rooms. Smoking is permitted in designated outside areas only.)

Note: Housing for McMurdo and South Pole Stations is assigned.

Notes / Comments: _____

If you have any questions or special needs, please contact your USAP Point of Contact.

ASC Travel
7400 S. Tucson Way
Centennial, CO 80112

phone: 800-688-8606 x33202 or 303-790-8606 x33202

fax: 303-705-0742

email: deploy@usap.gov

RETURN FORMS TO ASC TRAVEL

Thank you for completing the 2019-2020 Antarctic Deployment Packet.

- Please return (just the forms) to ASC Travel within eight weeks, or ASAP if your deployment is sooner than that.
- It is not necessary to wait until you physically qualify!
- Do not send travel forms to Medical (UTMB) or vice versa.
- Is your name on each page?

Fax is the preferred option.

Regular mail is the next best option. Unless your deployment is within four weeks, it is not necessary to spend extra money to overnight.

Do NOT return forms by email. ASC email servers are not secure.

Mailing address: ASC Travel
7400 South Tucson Way
Centennial, CO 80112-3938

Fax: 303-705-0742

You will receive email confirmation within two working days of receipt. ***Please do not call to ask if we received your fax.*** These calls reduce our ability to move people efficiently through the system during peak times.

Your forms contain personally-identifiable information:

DO NOT EMAIL YOUR FORMS

USAP records are maintained in accordance with NSF Privacy Act Regulations.
